The purpose of this report is to document the progress toward our zero waste targets which include a 90% diversion rate and 25% waste reduction from our 2015-16 FY levels by 2025.

By breaking down the data by department, this report provides specific metrics for account holders and promotes transparency and accountability.

This report differs from the zero waste data in the UC Annual Sustainability Report in the following ways:

- Reports are issued quarterly/monthly
- Reports show waste metrics per department rather than as a whole campus
- Reports exclude materials such as landscape and operational waste which are managed at a campus-wide level rather than a department level
- Reports exclude waste service from specialized vendors other than our waste hauler, Athens Services
- Reports exclude temporary service bins for construction and one-time events
2019-20 FY Tonnage By Department Account

- General Campus: 40%
- On Campus Housing: 29%
- University Apartments: 18%
- Asset Management: 3%
- ASUCLA: 8%
- Athletics/Recreation: 2%
2020-21 FY Tonnage By Department Account

- University Apartments: 36%
- General Campus: 42%
- On Campus Housing: 15%
- Asset Management: 2%
- ASUCLA: 3%
- Athletics/Recreation: 2%
Jan-Sep 2021 Tonnage By Department Account

- General Campus: 43%
- On Campus Housing: 13%
- University Apartments: 34%
- Asset Management: 3%
- ASUCLA: 4%
- Athletics/Recreation: 3%

All tonnages were collected by UCLA’s waste hauler, Athens Services.
Data excludes temporary service bins for construction or one-time events.
Data excludes service from other waste vendors for all material types including electronic waste, universal waste, landscaping mulch, cooking oil, metals, shredded paper, cardboard, batteries, books, ink cartridges, lightbulbs, and animal bedding.
Data excludes service for the Blood & Platelet Center, Credit Union, Luskin Center, Tiverton House, and all of the UCLA Health medical buildings.
Compost calculated with diversion rate of 83%.
Construction and Demolition (C&D) calculated with diversion rate of 89%.
Recycling and Green Waste calculated with diversion rate of 100%.
Landfill (Trash) calculated with diversion rate of 0%.
Diversion rates for each material type varied in March-April 2020 due to COVID-19.
Not all buildings have their own bins, some buildings share a bin location.
