- Hazardous Materials
- Household Appliances
- Smoke Detectors
- Styrofoam

UCLA

NOT SURE? CONTACT

Kikei Wong
UCLA Zero Waste Coordinator
kwong@facnet.ucla.edu
310-206-4993

To achieve highest and best use of materials, UCLA has partnered with Human-I-T to refurbish electronic waste rather than sending the materials to recycling/demanufacturing. The refurbished products will be provided to low-income individuals, underserved communities, and nonprofits in need of technology, internet, and digital training.
